### Aim

Application of modeling and simulation in science and technology has undergone a tremendous change during the last few decades. During this period newer ideas have been prescribed, phenomenal changes have taken place in different directions in R&D activities. In view of this, it becomes all the more imperative to arrange such international conference, where students, researchers and engineering professionals from all hues-industries, academia and research organizations shall get together, express their innovation through their research works so that improvement of self-skill is evolved.

### AMSE

Founded in 1981 by Professor Guy Mesnard of the University of Lyon (France), AMSE restarted in 1995, after the death of Professor Mesnard, by Prof J. Gil Aluja (Barcelona) and Prof. C. Berger-Vachon (Lyon) on a French-Spanish basis. AMSE journals have an official deposit in the French National Library (Francois Mitterand) in Paris and are indexed in the following databases: IEEE-INSPECT (Stevenage, UK), Elsevier BV (Amsterdam, The Netherlands), EBSCO (Villebon-Paris, France), Institute for Scientific Information (Philadelphia, PA, USA), Ulrich Periodical Directory (New Providence, NJ, USA), CSA (Beechwood, OH, USA) AMSE journals have Impact Factor from Scimago Journal Rank.

### The IET

The Institution of Engineering and Technology is one of the world's leading professional societies for the engineering and technology community. The IET has more than 150,000 members in 127 countries and offices in Europe, North America and Asia-Pacific. The IET provides a global knowledge network to facilitate the exchange of ideas and promote the positive role of science, engineering and technology in the world. The Kolkata Network is located in the City of Joy, the vibrant metropolis of India. It is the only city in India which had nurtured five Nobel laureates. Being the oldest in India, the Network is proud of its history. Its origin dates back to 1944 when good number of British Engineers had taken initiative to form the then Calcutta Centre of The Institution of Electrical Engineers.

### The conference will focus on:
